He really taught me how to work my body

He really taught me how to do it with my mouth

He really really tried to hurt me hurt me

I really love his thug and gangsta style

[Verse One]

Yeah what up ma,

take a look, you hypnotizez

on how my long dick stretch your insides

for real ma, with your thick lips and thick thighs

stoke both holes, pass it to Nas

or pass it to Naish, or pass it to Jung

or pass it to Forse, then that ass gettin tossed

fuck a hustler book, penthouse or blacktale

i got bitches sendin my niggas flicks in jail
i fuck a bitch face more than her waist for real
and aint no pussy like new pussy thats how a nigga feel
bust three times throw her the peace sign
she sleep then my dick sleek and I aint gotta call her for weeks
Long leg hoes, mo'head hoes, married bitches
Me and my dog - fuckin them both they got us switchin
Is the nigga gangsta? Yeah, that's how I'm livin
That's how I'm playin - I got these freak fuckin hoes singin

[1st Chorus][2nd Chorus]

[Verse Two]

Little young thing go around my dick with your tongue ring
Deep throat my nine inch, gut from the front and
grind from the side and, fuck from behind and
Grab her hair slap her ass, she screamin like she dyin
Make her come four times without even tryin
I'll beat that pussy up there's no denyin
Hit her where she doodie at, make that booty fat
Little cutie rat, walking by with the doobie wrap
Tight blue jeans, air max
Small gucci bag
No loot and no job
Stay home giving blow jobs
Like no prob, it's simple
Holla out the window it's the project nympho
Fuck my whole crew, you know how we do

Be a brave girl, do your thang
Let them tities hang, I'll have all the bitches sayin
