A Room At The Heartbreak Hotel

A Room At The Heartbreak Hotel

From where I stand

I can see through you

From where you're sitting, pretty one

I know it got to you

I see the stars in your eyes

You want the truth, but you need the lies

Like Judy Garland, like Valentino

You give your life for rock n' roll

Uh huh

Stand, we're on a landslide of love

You got everything you want

But what you need you give away

For primitive love

And a ride on the mystery train

A primitive love

A room at the Heart...

The Heartbreak Hotel

A room at the Heartbreak

Heartbreak Hotel

A room at the Heartbreak

Heartbreak Hotel

You say it's love, it's not the money
You let them suck your life out like honey
Turning tricks, you're on the street
Selling your kisses so bittersweet

[Gospel voices]

A primitive love
A and a ride on the mystery train
A primitive love
A room at the Heart
The Heartbreak Hotel

A room at the Heartbreak, the Heartbreak,
The Heartbreak Hotel, Hotel

[Repeat until end]
