Udo

The Only One For Me

Every smile makes me so radiantly happy

And your eyes they bewitched me

God you're amazing

And all the troubles in my head

And all the things I've ever said

They mean nothing anymore

Since you've sailed along my shore

Ooh babe babe babe

All those years I have been blind

It was you I had to find

Ooh babe babe babe

Though I looked I did not see

You were the only one for me

Young lady you enticed me and my fear is fading

For so long I have been

Waiting vainly

Come and take me by the hand

We've got both our lives to spend

Cause it's you that I adore

No I don't wanna wait no more

Ooh babe babe babe

All those years I have been blind

It was you I had to find

Ooh babe babe babe

Though I looked I did not see
You were the only one for me

Yeah your body's getting warmer
And my heart is beating faster
Huh our feeling's getting stronger
Oh I want you so
You are the only one
You are the only one for me

Ooh babe babe babe
All those years I have been blind
It was you I had to find
Ooh babe babe babe
Though I looked I did not see
You were the only one for me
