Walker Clay Rumor Has It

Darlin' You know its true

The rumor you heard about me loving you

Well i never told a soul

Tell me how the whole world knows

chorus

it must have been the roses and the wine

Or maybe this unexplainable smile

they say where there's smoke there's fire

well i hope its true

Cause rumor has it

You love me too

verse 2

well i've got a ring and a plan

But i see your on to what to what im gonna ask

well i never said a thing

tell me what gave it away

chorus

yes you do

i heard it too</p>
