Confessions

(Yeah)

I see your playing with your headphones

Did you see me coming in?

Now I've got you with your back turned

I don't even know where to begin

So much to tell you

I haven't had the time to work it out

So I'll take this opportunity

And lay it all down

You should know (you should know)

What I know (what I know)

Just can't hold (just can't hold)

Back no more

So I whisper words I wanna say

I know you'll never hear it

Baby, everyday I pay the way

But never getting near it

Cause I'm just reminiscing

Don't listen to my confessions

When your listen on your headphones

And the rhythm's on your mind

I send the lyric through the air, boy

And the meanings in her, twined

Lost in the music

But baby don't you know, I'm lost in you

So I'll take this opportunity

To tell you the truth

You should know (you should know)

What I know (what I know)

Just can't hold (just can't hold)

Back no more (ohh)

So I whisper words I wanna say

I know you'll never hear it

Baby, everyday I pay the way

But never getting near it

Cause I just reminiscing

Don't listen to my confessions (yeah)

Take your headphones off

Listen to my heart

You don't get this, I'm talking to you (yeah)

Take your headphones off

Let's go from the start

All I'm feeling, I'm confessing to you (yeah)

Christon(rap):

Stop the presses, she finally took 'm off

No second guesses, just open up a heart

Cause a 4 bar confession, is all you get from me

Now throw away your headphones, follow me

You should know (you should know)

What I know (what I know)

Just can't hold (just can't hold)

Back no more (ohh)

So I whisper words I wanna say

I know you'll never hear it

Baby, everyday I pay the way

But never getting near it

Cause I'm just reminiscing

Don't listen to my confessions (2x)
