XYP

Will you dream of me?

Here am I, where are you?

I wanna hold you now, but what can I do?

Say you need me, calling now

I sit here wondering what you're doing now

What would I do?

Just to be with you?

So baby..

When you lay there on the end of the day

And the night is all you see

Close your eyes and as you're falling asleep

Will you dream of me?

We can walk, among the stars

The winner together, I'll be right where you are

If you let it for me, please try to wait

Don't go up tonight I'll beat you up on cloud day

Cause I miss you so..

Gotta let you know

My baby...

When you lay there on the end of the day

And the night is all you see

Close your eyes and as you're falling asleep
Will you dream of me?

Even though we aren't together right now
Baby you know where I will be
So close your eyes as you're falling asleep
Will you dream of me?

Cause I miss you so..
Gotta let you know

My baby

When you lay there on the end of the day
And the night is all you see
Close your eyes and as you're falling asleep
Will you dream of me?

Tell me, will you dream of me?

Say you dream of me..
