# Love Is In Your Hands

I've tried to find a way to love you  
I've tried to keep my love inside  
I can stand what you get used  
please let my dream comes true

I need your smile to make me stronger  
I need your hands to carry on  
open your heart and stay with me  
show me what a love can be  
you are all I need

Ref.

O, my love is in your hands  
o, please try to understand  
o, my heart is full of dreams  
o, please take away my fears

All my memories are wake and nice  
I see pain in your eyes  
all your tears, are they all live lives  
with my lonely nights

Your love is all I need from you  
your touch is only thing I need  
spread your head down on me  
show me what a love can be  
you are all I need

Ref.

O, my love is in your hands

o, please try to understand  
(2x)

O, my love is in your hands  
please please try to understand fade
