Weila Weila

There was an old woman and she lived in a wood
And she had a baby three months old
And she had a pen - knife long and sharp
Then she stuck the pen - knife in a baby's heart

Then the three loud knocks come a knocking at the door
There was two policeman and a man
Well they took her away and they put her in a jail
Then they put a rope around her neck

Then they pull the rope and she got hang
And that was the end of the woman in the wood
And that was the end of a baby too down by the river Soria
