

Plavi Orkestar

Good Bye Teens

Svaku tvoju rijec ja volim
mada nista ne razumijem
i nikad vise necu moci tako
kao sto sada umijem

Orkestar u plavom svira
ja te gledam, a oko nas more
nemoj vise pricati i pusti
neka oci govore

Ref. 2x

Good bye teens, good bye teens
I'll never be, never be a boy
good bye teens, good bye teens
I'll never be, never be a boy

When you're young
all junkies forget guns
when you're young
all primitives forget knifes

When you're young
all mothers forget girls
I'm young, I'm happy
and I sing, ya, ya, ya, ya

Ref.

I'll never be, never be a boy
