

Sasha Kemsy

Miss You

I search for you while I still cry
you're not hear and I wonder why
the lonely nights they still remain
i seek the comfort from the rain

Miss You

All my memories passing by
like the clouds drifting in the sky
only time will ease the pain
the echoes of my cries

Ref. i ti
nedostajes mi moja mila

Nedostaju mi dani
kada si ovde bila

Nedostaje mi ti
nedostajes mi ti moja mila

Zivim u slikama ponekad nem i gluv
zivim za tren kao nekad da budes svud

Our life has wings like borrowed time
in my soul you're always mine
your love still pulses through my veins
the echo of my heart cries

Nedostaj mi ti
nedostajes mi moja mila

Nedostaje mi ti

Trazim te dok jos placem
nisi ovde i pitam se zašto
usamljene noci jos uvek ostaju
trazim utehu u kisi

Nedostaje mi

Sva moja secanja prolaze
kao oblaci sto polako nestaju na nebu
samo vreme ce olaksati bol
zvuk mog placa, plakanja

I miss you
i miss you my lovely baby
love darling honey angel
i miss the days when you were here
i miss you, i miss you my lovely

I live in pictures sometimes
deaf and speechless
i live for the moment like
in the past with you around

Nas zivot ima krila kao posudjeno vreme
u mojoj dusi ti si uvek moja
tvoja ljubav jos uvek tece kroz moje vene
zvuk placa mogu srca

I miss you
i miss you my lovely
i miss you
